EXPERIENCE

WDN Architecture

June - December 2015
June 2017 - Present

**Single-Family
Residential /
Commercial**

Jurassic Studio

March 2017

**Interior /
Wall Partition**

Arch Intent

December 2015 -
December 2016

As-built Surveying

EDUCATION

**Illinois Institute of
Technology**

December 2017

B.Arch

College of DuPage

December 2013

Pre-Architecture, AAS

Architectural Associate

Recorded field measurements of single-family residential and commercial buildings. Generated new and existing plans, elevations, sections and details for residential and commercial projects. Created compelling visualizations used in client meetings. Advanced projects through all design stages- from pre-design to construction documents, as well as assisted during the construction administration phase. Worked independently on schematic design for several projects, ranging in scale from small home additions and single-family spec. housing to a small-size commercial strip.

Intern Architect/ Freelance

Designed a wall partition for Kama Restaurant with the intent of CNC mill fabrication. The partition design was inspired after an existing hexagonal line pattern developed by Jurassic Studio.

Intern Architect/ Freelance

Recorded field measurements in addition to generating existing plans and elevations for Bank of America. Generated existing plans, sections, exterior and interior elevations for Outback Steakhouse across the U.S.

Involvement

Mirror Mirror On The Wall Exhibition - April 2017

Exhibit Curator/ Art Director

Mana Contemporary

Achievements
